W. S. TAYLOR WILL RUN

As Republican Candidate For Governor He Is Nominated.

TELEGRAM TO KENTUCKY FRIENDS.

After a Conference of Several Hours With Party Advisers He Announces That He Will Make the Race Again.

Martinsville, Ind., May 29.—W. S. Taylor, the recent claimant for the governorship of Kentucky, announced that he will make the race again this fall on an anti-Goebel election law platform.

The announcement was made at the conclusion of a four hours' conference, attended by Mr. Taylor, Charles Finley, ex-secretary of state of Kentucky; A. D. James, United States marshal for the Fifth district of Kentucky of Louisville; Q. A. Blankenship, formerly a member of the Indiana legislature from Morgan county and delegate-elect from the Fifth Indiana district to the Republican national convention in Philadelphia, and W. K. Bellis of Indianapolis.

Taylor's announcement, after saying that he will remain in Indiana until his health is recuperated is as follows, and was telegraphed to his political friends in Louisville: "I will not seek nor decline the Republican nomination for governor in Kentucky. The mandate of the liberty-loving people of Kentucky should be obeyed."

Marshall James was the personal representative of Taylor's friends in Kentucky, and later he left Indianapolis for Louisville, saying that he believes, with other Republican leaders, that Taylor will be nominated by acclamation and elected.

SELLERS OF OLEOMARGARINE.

Sentenced For Failing to Stamp Packages of Goods.

Philadelphia, May 29.—Judge McPherson, in the United States district court, sentenced two offenders against the government laws regarding the sale of oleomargarine, and has yet to try a large number of cases of alleged infraction of the same laws. These latter are now being tried and it will probably take over a week before the last on the list has been disposed of. The defendants are all grocers, and various specific charges are made against them. Those sentenced are William Kellinger and Thomas Haughey. The former was found guilty and sentenced to three months' imprisonment and \$100 fine. Haughey, who pleaded guilty, was sentenced to 30 days and \$25 fine. They sold oleomargarine in unstamped packages.

Favorably Reported.

Washington, May 29.—After an exciting contest lasting many months the advocates of the Grout bill, placing an almost prohibitive tax on oleomargarine and like imitation butters succeeded in having that measure favorably reported from the house committee on agriculture. The vote was 10 to 7 in favor of the bill. The opposition to the measure had taken form in a substitute providing additional safeguards against the fraudulent sale of oleomargarine, but not going to the extent of the Grout bill. The vote on the substitute was first taken, and it was defeated, 8 to 9. An effort was then made to amend the Grout bill by including within its restrictions old rancid butter, known as renovated butter.

Made an Attack.

Victoria, May 29.—On the day prior to that on which the steamship Breckonshire left Japan news was received there from Wei-Hai Wei that serious disturbances had occurred on May 5, on the British station, Gulf of Pe Chi Li. Captain Watson and 60 men were escorting the boundary commission, which had been engaged in delineating borders of the leased territory at Wei-Hai Wei, when they were attacked by a hostile mob. Thirty of the attacking party were killed. The losses in the Chinese battalion under Captain Watson were two officers wounded, Major Price and Captain Periar. The Chinese who attacked the British troops had long been holding meetings to complain of taxes.

Peel Is Committed.

London, May 29.—At the Marlborough street police court Sir Robert Peel was committed for trial at the Old Bailey, on the charge of libelling Daniel Van Der Heydt, one of the trustees of the Peel estates.

Hernandez Captured.

Caraas, Venezuela, May 29.—General Jose M. Hernandez, the revolutionary leader, has been captured by government troops. The revolution is now considered ended.

MORE PEOPLE

Wounded by Non-Union Streetcar Men at St. Louis.

St. Louis, May 29.—There was very little change in the street railway strike. Efforts are being made to arbitrate the differences between the railway officials and their employees, and these may show some progress toward a settlement before the day is over. Shortly after 10 a. m., a car on the Sixth street line was stopped by obstructions at Broadway and Miller street, where a crowd had assembled. The nonunion men on the cars were jeered, but no stones were thrown or other violence shown. The jeering angered the motorman and conductor, who drew their revolvers and fired at least 25 shots into the crowd.

William Breneman, who was standing on a corner one block away talking to a policeman, was shot in the knee and will probably lose his leg in consequence. Dolly Mitchell, a little girl, was hit in the wrist by one of the bullets while standing in her yard near the scene of the shooting. The motorman and conductor were arrested.

Judge Talley of the circuit court, before whom the petition for a writ of mandamus was presented to compel the St. Louis Transit company to operate its cars at regular intervals, as provided in the city ordinance, announced that he would hear arguments Thursday.

Shots were fired from a moving car into a crowd on South Broadway, wounding Herman Teshke, George Lacastan and Albert Wackwitz. Teshke will probably die. The last affray, it is charged, was due to attacks on the cars with bricks and other missiles.

In response to the request of State Labor Commissioner Rixey that the strikers appoint two persons to act as arbitrators a meeting was held by the streetcar men who are out, and two men were asked to act in that capacity. The men named were E. P. Woodward, president of the Woodward & Tiernan Printing company, and Daniel H. Faires, a union conductor on the Suburban line. So far the Transit company has declined to accede to the request to appoint two arbitrators to represent it, and after 24 hours are up Commissioner Rixey will make the selection of himself and complete the board according to law. He will constitute the fifth member and will act as president of the board.

Japanese Rejected.

Tacoma, May 29.—A special board of inquiry, composed of Collector W. A. Fairweather, chairman; Deputy Collector W. DeLacey and Robert Watchorn, special supervising immigration inspector, who is in Tacoma from Washington, for the express purpose of inquiring into the sudden immigration of Japanese to this coast, passed on 71 Japanese, who had been rejected by Immigration Inspector Walker in steamship Glenogle. Out of this number the board rejected fifty of them outright. This is by far the largest number ever rejected out of a single shipment to the sound. Nineteen of the remaining 21 came dangerously near being rejected also. They were allowed to land only upon the Japanese consul giving his guarantee that they would obtain employment within the next 60 days.

Will Be Repaired.

New York, May 29.—The American line steamer New York, which lost her port propeller and part of her shaft on her voyage to this port from Southampton, will be sent to Newport News for repairs. A new shaft and other machinery has been cabled for from the other side, and will come over on the first vessel. The New York will probably sail on her next trip across on July 11. The passengers booked to sail on this vessel have been transferred to the Kensington, which sails immediately.

Decision of Porto Rican Case.

Washington, May 29.—The supreme court has refused to grant the motion of Tomas Vasquez, a Porto Rican, for leave to file a petition for writ of certiorari in a case involving the construction of the election laws of that island by the provisional court. Among the cases which the court left undecided upon its final adjournment was that of the quo warranto proceeding of Juan Vidal and others, who are officers of the town of Guanamo, Porto Rico. The effect is to leave them in office.

New Jerusalem Church.

Cincinnati, May 29.—The general convention of the New Jerusalem church elected their vice president, Rev. S. S. Seward of New York, as president, to succeed the late John Worcester of Massachusetts. J. K. Smythe, James G. Wentz and Edward P. Call of New York were re-elected for two years as trustees of the New Church Messenger, published in New York, and given full power to relieve C. H. Mann, the editor-in-chief, of office duties.

END OF CONFERENCE.

Gathering of Methodists at Chicago Adjourns Sine Die.

BRIEF REVIEW OF IMPORTANT WORK

Ministers Who Haven't Been Ordained Granted Authority to Perform Marriage Ceremony — Incidents of Closing Session

Chicago, May 29.—The twenty-third delegated quadrennial conference of the Methodist Episcopal church came to an end after a session of four weeks.

The conference is considered to have been one of the most noteworthy since the days when Methodism was divided over the slavery question, and has resulted in many radical changes in the laws and polity of the church. As a result the church will enter upon the twentieth century a different body from what it was before the conference met.

Principal among the important actions of the conference are the abolition of the time limit on pastorates, the ratification of the equal representation amendment, as proposed by the Rock River conference, together with the seating of the provisional lay delegates; the adoption of the constitution subject to the approval of various annual conferences, including substitution of words "lay members" for the term "laymen," thus permitting the seating of women in the general conference, and the election of two additional missionary bishops.

There was a huge amount of routine business, which was practically settled in committee.

The first day of the conference, May 2, saw laymen and preachers given equal representation. Under the belief that this would be done, provisional delegates were on hand, and were, following this action, admitted as regular lay delegates, making the 1900 conference the largest of its kind in the history of the church.

Of great interest to Methodists was the abolition, total and unconditional, of the 5-year limit on pastorates. The conference did not modify paragraph 248 of the Book of Discipline, which, among other things, forbids attendance upon theaters, circuses and dancing.

The report of the committee on education at the Methodist general conference was taken up for final action. An amendment that certificates from students from other than Methodist colleges presenting themselves for examination for the ministry caused considerable discussion. The report, as amended, was finally adopted.

The conference also approved the authorization of unordained ministers to perform the marriage ceremony. Reports of minor importance were received from other committees and adopted.

The delegates then indulged in a little amusement by auctioning off the table scarred by the bishops' gavel during the four weeks' session. The table was made by the Boys' Manual Training school at Venice. It was disposed of for \$500.

Debate on proposed changes in the ratio of representation to general conferences consumed much time. Arguments were made in favor of the majority report, recommending a change in the ratio of one delegate to every 60 preachers, instead of one delegate to every 45 preachers, as now prevails. It was contended that the present body was unwieldy. This statement was vigorously combated by several speakers, and the conference by an overwhelming vote decided to make no change.

At noon all business was laid on the table, and the usual complimentary resolutions attendant upon closing sessions were adopted.

The venerable Bishop Bowman, now superannuated, made a brief address of parting to the delegates. The minutes of the last meeting were read and the roll was called. A brief prayer by Bishop Warren followed, and the general conference passed into history.

Were Confederates.

Washington, May 29.—Members of congress, senators and representatives, who took part in the civil war on the side of the Confederacy, gathered at a banquet at the Metropolitan hotel. The occasion was impressive and unique. Hon. James D. Richardson of Tennessee, who acted as toastmaster, was introduced in a fitting speech by Captain John Lamb of Virginia, and General Joseph Wheeler was one of the guests.

Benedict and Cleveland.

New York, May 29.—The steam yacht Onaida arrived here from Bermuda with her owner, E. C. Benedict, and former President Cleveland on board.

RUSSIAN MINISTER

Has Sent a Request That Gunboats Be Sent to Taku.

Shanghai, May 29.—The Russian minister at Peking has telegraphed asking that all the available gunboats be sent to Taku.

A detachment of 200 Chinese soldiers has cleared the railway between here and Peking, and the ordinary service was resumed at noon.

No news has been received from the Belgian engineers engaged in the Luan line. In other respects the situation is more quiet. Thirty Japanese have arrived from the gunboat Atagan. The French flagship D'Entrecasteaux and the gunboat Surprise have left Taku.

American Marines Will Land.

Tien Tsin, May 29.—One hundred American marines from the American cruiser Newark are expected here at once. An armed rescue party of Frenchmen and Germans started to try to relieve the besieged Belgians. The viceroy, under the pressure of the French consul, has permitted the rescuers to travel by railroad to Feng Tai, where Chinese protection ends. The Belgians are besieged at Chan Tsin Tsin, near Teng Tai.

Special Rule Adopted.

Washington, May 29.—When the house met Mr. Grosvenor (O.), from committee on rules, presented a special rule ordering the previous resolution upon the pension bills, 190 in number, favorably acted upon in committee of the whole last Friday, the order not to interfere with the conference reports. Mr. Grosvenor explained that the rule was made necessary by the obstructive tactics of the representative from South Carolina (Mr. Talbert) last Friday. This Mr. Talbert denied. He said that had a quorum been present the bills could have been passed. Mr. Dalzell (Pa.) attempted to have included in the bill the relief of Charles B. Dougherty and officers and the men of the Ninth Pennsylvania regiment, but Mr. Loud objected. The special rule was adopted, but was immediately displaced by Mr. Foss (Ills.), who prevented the conference report on the naval appropriation bill.

May Return the Flags.

Chicago, May 29.—Whatever may be the views entertained by individual members of the Grand Army posts of Chicago on the question of making one of the features of the encampment the return to the southern states of the Confederate battleflags, the local committee will be guided entirely by the action taken by congress. That there is a great sentiment in favor of the restitution of the flags was evidenced when it was announced that several prominent members of the Grand Army have a plan in hand to secure the authorization of congress for the return of the banners, which are at present in the custody of the war department.

Smothering a Mine Fire.

Calumet, Mich., May 29.—There is every reason to believe that the fire in the Calumet and Hecla mine is under control, and that it can not last much longer. All shafts except five on the Hecla branch have been sealed with Clay at the mouth to prevent air circulating and fanning the fire. Very little gas was escaping, and the mine people believe the fire is dying out. The shafts will not be opened until it is known the fire has been extinguished.

Passports For Europe.

Washington, May 29.—The state department has issued over 3,000 passports to European travelers for the 28 days in May. It is said that the climax has been reached and from this point on the issues will diminish. As it is, the figures show a gain of over 50 per cent above the normal passports issued for May. The figures for April were 3,064, in that case a gain of more than 100 per cent over the normal business. Most of these travelers are going to Paris.

Will Develop the Plates.

Washington, May 29.—The naval observatory party, who went to Pinehurst, N. C., to view the eclipse, has returned to Washington, bringing back the plates and some of the apparatus used in the observations. Professor Skinner, who was in charge of the party, says it will take from one to two weeks to develop the plates. In all, he said, the observatory parties obtained 75 plates. Those secured at Pinehurst arrived here without mishap.

New Incorporations.

Columbus, O., May 29.—Sunny Brook Social club, Salem; Great Northern Oil company, Akron, \$200,000; Miami Valley Athletic club, Middleton; Victory Park Railway company, Toledo, \$50,000; Kent Chain company, Kent, \$5,000; Vernon Stock company, Vernon Junction, Richland county, \$10,000; Hennessy Shoe Manufacturing company, Cincinnati, \$30,000.

KEEPING UP HOT PACE

Lord Roberts Forces Continue to Advance With Rapidity.

AT THE DOORS OF JOHANNESBURG.

British Dragnet Will Be Drawn Through the Transvaal as It Was Hauled Through the Orange Free State.

Newcastle, Natal, May 29.—The British guns at Ingogo have been heavily bombarding the Boer positions since daylight. The Boer guns have replied intermittently.

London, May 29.—The tenor of Lord Roberts' dispatch and the news from Pretoria leads the authorities to expect further important news from the British commander-in-chief, dated, they hope, from Johannesburg.

The remarkable rapidity of Lord Roberts' movements and the unwonted mobility of the whole British army under him have upset the calculations of the home observers as much as they appear to have disconcerted and demoralized Lord Roberts' Federal opponents.

Possibly even now he is at the gates of Johannesburg, and it is believed 10 days hence, or less, he ought to be demanding admittance to the Transvaal capital itself.

If the Federals ever really intend to "stagger humanity" by blowing up the "Gold Reef" city and mines, which is doubtful, Lord Roberts may yet be too quick for them and arrive before they have time to do any wrecking. The majority of the burghers will undoubtedly be glad of an excuse for saving the mines, and they may find the excuse in Lord Roberts' skill in hustling them out of one position after another.

The effectiveness of the British invasion of the Transvaal is further emphasized by the news from Pretoria of the occupation of Zeerust and the advance on Lichtenberg. Apparently the British dragnet will be drawn through the Transvaal as it was hauled through the Free State.

The fighting at the Klip river Sunday, reported from Pretoria, was presumably done by Generals French and Hamilton in forcing their way round to the northward of Johannesburg.

The Orange Free State was annexed to the British empire May 28, according to Cape Town advices, but Lord Roberts seems to have given his army the first intimation of this on the previous day.

Days of Prayer.

Pretoria, May 29.—The British occupied Zeerust, and a large force is marching on to Lichtenberg. An official bulletin states that the British crossed the Vaal river Saturday. General Lemmer had a severe fight at Klip river. Five of the burghers were wounded and two were captured. The British were 5,000 strong. By an order recently issued the president decreed that May 27 and the two following days be observed by the whole country as days of prayer, humiliation and the confession of sins, and that petitions should be offered for relief from oppression. Fighting took place at Vanwytrust, 15 miles south of Johannesburg, with a large force of British, which broke through from Klip river.

Boers Suddenly Left.

Klip River, Transvaal, May 29.—The Boers, after preparing a good position, fled early. The train bearing their last detachment was nearly captured by Pilkington's West Australians. Prisoners taken state there was no intention of blowing up the mines, declaring that the threat was made simply with the intention of frightening away the burghers. The British advance force is within 15 miles of Johannesburg.

Orange River State.

Cape Town, May 29.—Lord Roberts announced to his troops the annexation of the Free State, which hereafter will be called the Orange River State.

Bowling Tournament.

Dayton, O., May 29.—The time limit for entering teams in the international bowling tournament, to be held under the auspices of United Bowling clubs at New York, July 15 to 22 next, will expire at noon June 1. Nearly every large city in the Union has entered one or more teams. So far seven contestants have applied for admission in the intercity championship—New York, Brooklyn, Toronto, Canada; Cleveland, Chicago, Columbus and Cincinnati—and several more cities are expected.

New York, May 29.—Officers of the Columbia senior class say that there will be no beerdrinking tournament on class day; that the proposal was a joke. The so-called joke led to newspaper editorials and sermons denouncing it.

LOOTING OF CUBA.

The Climax of the Scandals That Have disgraced This Administration.

[New York World.]

The Cuban scandal grows. The Secretary of War's official statement to Congress of the public receipts and expenditures of the island during last year shows that out of a total revenue of \$14,000,000 over \$4,000,000 was disbursed for salaries and \$1,377,000 more on the "labor pay roll."

This enormous disbursement of more than \$5,377,000 was entirely for civilian employees and laborers, and does not cover the pay of the army officers in Cuba. And it is to be remembered that our government in Cuba has been in theory at least a military government. A mass of items footing up a total of nearly \$500,000 are charged as "extraordinary expenses ordered by the Military Governor," but just what they were incurred for is not stated.

Behind these figures many secrets are concealed. Among them are Estes G. Rathbone's gorgeous life in one of Havana's finest mansions, conducted on a scale of \$20,000 a year; Charles F. W. Neeley's sudden rise from poverty in Indiana to affluence and grandeur in Cuba, and, more splendid still, the career of the North American Trust Company, the Government's "fiscal agent in Cuba," with Fletcher S. Heath, brother of First Assistant Postmaster General Heath, as one of its directors.

No wonder Senators at Washington are amazed at the size and plain significance of these figures. No wonder there is a demand for a thorough and rigid investigation.

The looting of Cuba is the scandalous climax of an administration that has been most prolific in scandals.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. THE GOEBEL LAW.

It Has Been Purposely Misrepresented by Republicans.

Strong Defense of the Law by Hon. John S. Rhea—Favors the "Open Door."

[Courier-Journal.]

WASHINGTON, May 27.—In a statement to the Courier-Journal correspondent, Congressman John S. Rhea, of Kentucky, said:

"The address of Senator Blackburn will appeal to every thoughtful, patriotic citizen of Kentucky, and especially to every man who is in sympathy with the National Democracy. In the main I heartily agree with his suggestions. Every Democrat or voter who is willing to support the platform and candidates of the Kansas City convention and the candidate for Governor of Kentucky nominated by the Democratic party ought not only to be permitted to participate in the conventions or primaries of the party, but should be invited to do so. Of course it goes without saying that the 1896 Chicago platform will be indorsed and Bryan nominated upon it. In the selection of delegates to the National convention none but those who in the past have been in accord with and have given their support to Bryan should be selected. No honest man who did not support Bryan in 1896, but now intends to do so, will seek or demand to be rewarded for his disloyalty then by being sent as a delegate. Only those who are in sympathy with the great majority of the Democratic party, heart and soul, should be sent to write its platform and nominate its candidates.

"In reference to the present election law, I think the people have not understood it, and it has been in many respects purposely misrepresented by the enemies of the Democratic party. Every charge made against it by the Republicans has been disproven by the results. In the congressional elections of 1898 the seats of two Democrats from Kentucky were contested in the House by their Republican opponents—those of Hon. Oscar Turner and Hon. G. G. Gilbert, by Judge Evans and Hon. George M. Davidson—yet in the record of contest, as made by these two Republicans, not one word of complaint was made against the Goebel election law or its administration, and those receiving a majority on the face of the returns were certified as elected. In the election of last year, the courts, presided over by two Democrats, Judges Jones and Toney, granted every relief prayed for by the Republicans and compelled the doing of everything supposed to be required by the law. In such Democratic strongholds as Warren and Logan counties, under the operation and administration of the Goebel law, the Republicans won victories not gained for many years, if ever, under the old law, and the face of the returns was certified by the commissioners. The Canvassing Board of the State, elected by the General Assembly, as provided by the law, certified the election of the entire Republican ticket as shown upon the face of the returns. The power of the General Assembly to determine contests for Governor and Lieutenant Governor was not in the slightest degree changed or enlarged by the Goebel law. Under all laws, and for more than 100 years the General Assembly has been the final judge of contests for Governor and Lieutenant Governor, and the result of the contest just ended would have been the same had the election occurred under the old law. The present law provides the severest punishment for any violation of the rights of a voter or any fraud on the part of the election officers, the punishment being that fixed under the old law, and this law requires an equal division of the election officers between the two contending parties, just as the old law did. To talk about bipartisan boards to canvass the returns of an election and hear contests is mere rot. They never existed and never will. Under the old law, when the County Judge, Sheriff and County Clerk were the Canvassing Board of the county, they were partisans, all being of one party, unless, perchance, a divided county ticket happened to be elected. Under the old law, when the Governor, Auditor, etc., were the canvassing and contesting boards for the State, except for Governor and Lieutenant Governor, they were partisans, all being either Democrats or Republicans. I have faith in Democrats to understand the right and their honesty to do it. If the Democratic party in Kentucky were to turn over to the Republicans the control of the canvassing and contesting boards it would prove its incapacity to rule. Amendments may be needed to make perfect the present election law, but not to make it either fair or honest. It is both. Any law may be violated and the mind of man can not devise a law that the mind of some other man can not circumvent. I favor any change in the present law that wisdom and time may show is necessary to secure

that which every Democrat wants—a fair election and an honest count, so that military interference and corporate boodles can not forge an unrighteous and untruthful result. The people, the Democratic people, have the right to make their platforms and nominate their candidates, and their choice should be respected by the official agents of the party."

Fancy Silks at Greatly Reduced Prices

This has been the largest silk season in the history of our store. We anticipated a great demand for silks and bought extensively. Of the former immense stock we have still left about forty patterns in waist lengths of exquisite fancy silks. We think it wise to dispose of these while the weather is still fit for silk wearing, and if price and your good judgment count for what we think they will, not a one of these silks will be carried over until next season. The \$1.50 kind is now \$1. The \$1 grade is reduced to 75c. and so on down the list. It's a great silk opportunity. Don't miss it.

The Proper Things in Underwear.

We value our good reputation as handlers of proper underwear for men, women and children and our present large and varied stock will more than maintain it. Splendid taped neck Vests, 5c. Neck and arm holes taped, three for 25c. Lisle Vests, silk taped, 15c., 25c. and 50c. Splendid qualities of men's Balbriggan Underwear, 25c. and 50c. We carry a complete line of infants' and children's underwear from 10c. to 50c., guaranteed.

A Word or Two About Gloves.

Our one dollar guaranteed kid glove sells so rapidly that we seldom feel a need to advertise it. It is the famous F. W. L. Glove and improves with each season's output. In the undressed kid the Dupray at \$1.50 and in the dressed kid the La Rome at the same price are masterpieces of the glove makers' art. Both guaranteed.
